THE ESTATE

Carus Vini — A Family Estate in Chianti Classico

A young, family-run estate in San Casciano Val di Pesa, in the very heart of the Chianti Classico area — producing high-quality organic wines only from our own grapes.

- 26 hectares in all — 13.5 ha dedicated to wine and 5.5 ha to olive groves, with vines planted between 1978 and 1995.
- 8.5 ha of Sangiovese for Chianti Classico, plus 5 ha of Syrah, Merlot and Cabernet Sauvignon on calcareous clay hillsides.
- Clay soils rich in skeleton give excellent minerality and acidity; a continental climate averages 14.5°C with ~900 mm of rain, mainly October–April.
- Organic Chianti Classico and Super Tuscan wines made with minimal environmental impact — a photovoltaic-powered cellar and natural enzymes in the vineyard.
- The cellar holds 19 temperature-controlled steel vats and over 60 French oak barrels; bottles rest horizontally to protect the cork.
